

What Apps Can You Use with your eBooks?

There are many apps that can be used with an eTextbook. What app you use will depend on the following:

- preferred device type, features, and operating system
- whether you are using a proprietary eTextbook
- whether you are using an OER PDF, HTML, or Word document
- length of eBook or OER document

This document will focus on free and low-cost apps that would be potential first-choice apps with CNM OER eBooks. For most students, a good starting point app will be Amazon Kindle App especially if you are using a laptop or desktop computer. If you want to use a stylus for writing directly on your eBook then consider using OneNote, Notability, Foxit, or PDF Viewer.

Apps for Apple Devices include: MS Office (OneNote, Word), Notability, Foxit Mobile PDF, PDF Viewer PSPDFKit (only on IOS), Amazon Kindle app, iBooks

Apps for Android Devices include: MS Office (OneNote, Word), Foxit Mobile PDF, PDF Viewer PSPDFKit), Amazon Kindle app,

Apps for Windows Devices include: Amazon Kindle app, MS Office (OneNote, Word), Foxit Mobile PDF

Apps for Short versus Long Documents

Short eBook or OER documents (less than 20 pages)

- MS Office OneNote (does not work with hyperlinked Table of Contents and dictionaries)
- MS Office Word (.doc and .docx documents only)
- Notability
- Foxit Mobile PDF
- PDF Viewer PSPDFKit

Long eBooks or OER documents (more than 20 pages)

- Amazon Kindle app
- Notability
- Foxit Mobile PDF
- PDF Viewer PSPDFKit
- iBooks
- if in HTML format, any web browser

Examples for Two Types of CNM OER eBooks

CNM English 1101 and 1102 College Writing

- Offered Formats: HTML (hyperlinked by chapter), PDF (single document download)
- Scenario 1: Student is using a smartphone and wants to use the web browser
 - Use browser on smartphone
- Scenario 2: Student is using a smartphone and need downloaded, offline PDF version
 - Use Amazon Kindle – download and import PDF
- Scenario 3: Student is using a laptop and wants the option of using the hyperlinked features in the HTML version and the ability to read and study while offline
 - Use browser on laptop for HTML version
 - Use Amazon Kindle for offline reading – download and import PDF

CNM Bio 2192 Microbiology Lab Manual

- Offered Formats: MS Word (.docx) available for download chapter by chapter. Each chapter is usually between 8-15 pages long.
- Scenario 1: Student is using an iPad and wants to write and draw directly on each lab manual chapter and insert photos.
 - Download MS Word documents by chapter. Import the Word document into Notability (pdf format), Foxit (pdf format), or OneNote (pdf format OR .docx format).
- Scenario 2: Student is using a laptop and wants to ability to type in information and insert photos.
 - Download by chapter. Use in MS OneNote (copy/paste Word document or insert as a pdf).
